DETAILED ACTION

Allowable Subject Matter

1. Claims 4-15 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The elements of independent claims 4, 5, 9, and 11 were not found through a search of the prior art, nor were they considered obvious by the examiner. In particular, the prior art of record does not teach or suggest:

As in claim 4: "wherein said triggering transfer gives rise to transfer trace data within said trace data stream and said subsequent transfers give rise to place holder trace data within said trace data stream, said place holder trace data being more compact and giving less information regarding a transfer than said transfer trace data."

As in claim 5: "wherein said triggering transfer gives rise to transfer trace data within said trace data stream with at least one subsequent transfer giving rise to trace data even though it does not meet said predetermined trace initiating condition and at least one subsequent transfer giving rise to place holder trace data within said trace data stream, said place holder trace data being more compact and giving less information regarding a transfer than said transfer trace data."

Claim 9 incorporates the limitations of claim 4, and is allowable for the same reasons as applied to claim 4 above.

Claim 11 incorporates the limitations of claim 5, and is allowable for the same reasons as applied to claim 5 above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Philip Guyton whose telephone number is (571) 272-3807. The examiner can normally be reached on M-F 8:00-4:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Robert Beausoliel can be reached on (571) 272-3645. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
